# European Journal of Public Health

Official journal of the European Public Health Association

## AIMS AND SCOPE

The European Journal of Public Health (EJPH) is an international multidisciplinary journal in the field of public health. Among disciplines covered are social medicine and community health, epidemiology, health services research, health policy, ethics and law, health economics, social sciences, environmental and occupational health.

The journal provides a forum for public health science and policy with a focus on the European region. Contributions on relevant global health issues are also welcome.

The EJPH is owned by the European Public Health Association.

The EJPH style and editorial policies conform to the 'Uniform requirements for manuscripts submitted to biomedical journals', as specified by the statements of the International Committee of Medical Journal Editors ([www.icmje.org](http://www.icmje.org)).
