

## Grant of Licence

As per the Open Scholarship Policy, the administrators of Tuwhera\* are hereby granted permission to store, copy, and manage the files in the repository in order to ensure that they can be preserved for future use. This licence is designed to give the Tuwhera staff the right to do this, and to confirm that you have the right to submit the material to the repository. **Tuwhera will investigate publishers' copyright policies and work with you to resolve any issues before uploading to the open access repository**, although a different version of the output might be required.

The licence is non-exclusive; you retain all your rights as copyright owner.
